

Especificação Técnica – Renovação suporte e garantia dos Switch do SIRIUS

Disposições Iniciais

Objetivo: Esta especificação técnica tem como objetivo a renovação do suporte técnico e garantia dos switches de rede instalados no Sirius, assegurando a continuidade dos serviços de manutenção, atualização e suporte especializado por um período de 1 (um) ano, através do pacote Cisco Success Tracks e Cisco DNA.

Escopo e Descritivo Técnico: A renovação deverá contemplar todos os switches atualmente em operação no SIRIUD que estão cobertos por contratos de suporte e garantia. A renovação incluirá o suporte técnico, substituição de hardware com falha, atualizações de firmware e software, e acesso a suporte especializado.

Entregáveis: A contratada deverá garantir a renovação do suporte e garantia dos switch através do pacote Cisco Success Tracks e Cisco DNA pelo período de 1 ano, assegurando que o SIRIUS continue usufruindo do serviço de suporte técnico e substituição de hardware, garantindo assim a operação da infraestrutura de rede do SIRIUS.
